Ex parte Quayle Action

This application is in condition for allowance except for the following formal matters:

The specification discloses sequences at page 6. A notice to comply mailed 2/24/03. Applicant responded to the notice to comply on 4/02/03. It was not appreciated by the Examiner at that time that the response was not complete. There is no evidence in the Image File Wrapper that the specification was amended on page 6 to comply with 37 CFR 1.181(d). Furthermore it does not appear that the sequence listing contains the sequences disclosed on page 6. This application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 CFR 1.821(a)(1) and (a)(2). However, this application fails to comply with the requirements of 37 CFR 1.821 through 1.825 for the reason(s) set forth above.

Applicant is given TWO months, from the mailing date of this letter within which to comply with the sequence rules, 37 CFR 1.821 - 1.825. Failure to comply with these requirements will result in **ABANDONMENT** of the application under 37 CFR 1.821(g).

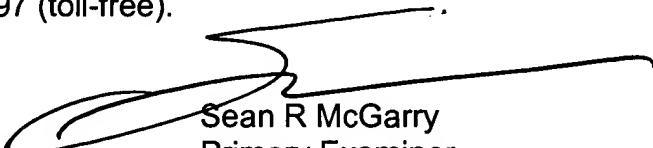

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
